As a subsidiary of the Office of Hawaiian Affairs, Hiʻilei Aloha LLC is committed to helping to build a Beloved Hawaiian Nation (Hoʻoulu Lāhui Aloha). A nation requires a strong foundation and a pooling of resources and effort to build a network of successful and inter-connected Native Hawaiian organizations committed to this vision.

To assist in this effort, Hiʻilei Aloha LLC is pleased to announce its Hoʻokahua Capacity-Building Program to help build capacity in the Hawaiian community and serve as an incubator for new Hawaiian businesses and nonprofit organizations. The program will provide training and technical assistance to eligible organizations to help them achieve greater success and thus sustainability for Native Hawaiians.

To be eligible for this program, an organization must be

- A Native Hawaiian business or community group or organization, or a Native Hawaiian-serving organization providing services primarily to Native Hawaiians, and
- Aligned with Hiʻilei Aloha’s Mission & Core Values.

Our Mission
To identify, promote, develop and support culturally-appropriate, sustainable opportunities that benefit Native Hawaiians.

Our Commitment
- Committed to Culture
- Committed to Community
- Committed to Collaboration
- Committed to Capacity-Building
- Committed to Change

Native Hawaiians are the reason for our existence.

We improve the conditions of Native Hawaiians by preserving Hawaiian culture, language, and history and by creating and promoting educational and economic opportunities.

Each of us will carry out our responsibilities (kuleana) with civility and respect ( aloha) for others.

We will speak truthfully (‘oia’i’o) and with humility ( ha’aha’a).

We will foster trusting relationships.

In performing our work, we aspire to excellence ( po’okela) in all that we do, and we work together as a team ( laulima).

We do things in a Hawaiian way and with a Hawaiian sense of place.

We will exhibit leadership in all that we do and move forward with innovation.

We contribute and add value to the organization.
